FOR IMMEDIATE RELEASE

Facilities Mexico Celebrates Successful Debut

June 16, 2010 – Milwaukee – Management from Facilities Mexico Conference & Expo today announced that the inaugural event attracted nearly 1,000 facility professionals from across Mexico. Facility executives from schools, hospitals, corporate campuses, government facilities and other commercial and institutional buildings attended Facilities Mexico. In turn, nearly 50 suppliers and service providers for the facilities management industry showcased their products and services in the show's popular exhibit hall.

"The facilities management industry in Mexico is burgeoning right now," said Bob Wisniewski, president of Facilities Mexico. "We are grateful to all the attendees, speakers, exhibitors and sponsors who trust in and gain from Facilities Mexico. We're in an exciting stage of growth now and we look forward to them joining us for the journey."

Highlights of this year's event included a ribbon cutting ceremony, passport contest, supplier presentations and 25 educational sessions. Conference speakers included Stormy Friday, Dean Kashiwagi, Sergio Pages, Felipe Flores, Steve Ashkin, Jim Newman and Jim Rosenbluth.

"After 10 years with the number one trade show for commercial facilities managers in the United States, it was a thrilling experience to franchise our expertise of the marketplace on an international level," added Todd Kotlarek, director of Live Events for the NFMT Conference and Expo and Facilities Mexico. "For as much as we gained in our freshman, we also learned a great deal and are enthusiastic about returning to Mexico City next year."

Facilities Mexico 2011 will be held April 12-14, 2011 at Centro Banamex in Mexico City. Facilities Mexico is part of the iMex 4 mega event. This unique "mega-show" combines security, fire, safety and facility management solutions, creating one of the largest events in the world for building owners, managers, designers and operations executives working in facilities of every kind. iMex 4 is comprised of Facilities Mexico, Expo Seguridad, Mexico Safety Expo and NFPA Mexico Fire Expo.

About Facilities Mexico

Facilities Mexico is the only educational conference and tradeshow dedicated to facility professionals in Mexico who are responsible for renovation, retrofitting,

operations and maintenance for commercial buildings and facilities. Owned and operated by the management team that produces the leading events for the commercial facilities management industry in the United States, NFMT Conference & Expo and Facility Decisions, Facilities Mexico is the only event of its kind in the country. Facilities Mexico is co-owned by Trade Press Media Group, Inc. and ROC Exhibitions.

For information exhibiting or presenting in the conference program at Facilities Mexico, contact Todd Kotlarek at 414-228-7701 Ext: 577 or send an e-mail to todd.kotlarek@tradepress.com.
